Palestine Stock Exchange

- Palestine Monetary Authority announces that Arab Bank is the first Bank in Palestine that brings its customers Apple Pay, a safer, more secure, and private way to pay that helps customers avoid handing their payment card to someone else, touching physical buttons, or exchanging cash — and uses the power of iPhone to protect every transaction. Arab Bank customers simply hold their Apple devices including iPhone, Apple Watch, iPad, and Mac near a payment terminal to make a contactless payment. They will be able to complete purchases using this service at the point of sale, or electronically through applications and websites by linking Arab Bank cards with the Wallet app, available on their devices smoothly and quickly.
